## WORK EXPERIENCE

PRESENT

**Network Administrator** . 11 yrs

**Sunich Group Of Companies** . Iran. Tehran . Tehran

DEC 2013

Design and implementation of networks (active and passive)

Maintenance and support of existing networks

Installation and configuration of Sophos and Cisco firewalls

Experience with Cisco equipment and familiarity with MikroTik

Implementation of Dot1X and Cisco ISE

Management of infrastructure projects in Tehran, Saveh, Firuzkuh, and Afghanistan

Management of active, passive, and service contracts

Installation of IP cameras

Familiarity with tunneling concepts

Monitoring of network equipment (PRTG)

Documentation and updating of records

DEC 2013

**Quality Control Expert** . 11 mos

**Yadak Motor** . Iran. Markazi . Saveh

JAN 2013

I worked in Yadak Motor in the quality control department, focusing on the visual inspection of produced valves. This experience was valuable for me personally; however, due to its lack of relevance to my field of study, I decided to leave the position, despite being offered a supervisory role in the dimensional control department.

## about me

I am a network administrator with 11 years of experience at Alifard. I started in help desk and took on network responsibilities four years ago. Currently, I manage networks in Tehran, Saveh, Firuzkuh, and Afghanistan. My skills in network design and management enhance system performance and security. I stay updated with new technologies, have a passion for continuous learning, and thrive in teamwork, making me a motivated and goal-oriented individual.
